

APRIL is National Child Abuse Prevention Month!

During the month of April, we observe and commemorate April's National Child Abuse Prevention Month, a time when U.S. organizations elevate the importance of creating systems and programs that put children and families first, preventing abuse and neglect, and supporting the survivors.

Access the USCCB's Secretariat's office of Child and Youth Protection, [2025 Child Abuse Prevention Month Resource Booklet](#), where you will find a compilation of resources. Familiarize yourself with the latest trends and best practices on child and youth protection.

The Secretariat also has prayer cards, bookmarks, and other merchandise available. Please help spread the word to protect the most vulnerable among us.

All are encouraged to become more knowledgeable of the signs of abuse in all of its forms and what you can do to prevent harm.

Together, we can make a difference and ensure every child grows up safe, healthy, and supported.
